ASISTA

SIMPLE TABLE SYSTEM

Evolutional Conjunction Table System

ASISTA is a table sufficiently equipped with necessary functions, such as large wiring space & desktop panel. With variation of single-sided and double-sided type, supporting with different kinds of connection, it demonstrates its superior scalability. From work scene to meeting scene, a simple table system which supports different kinds of scenes, that is ASISTA.

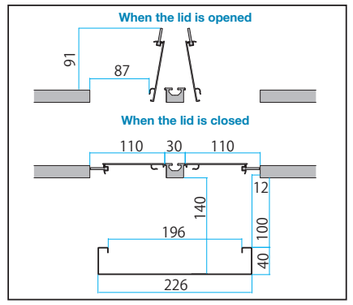
WIRING SYSTEM

1 Grommet

Adopt rectangular flip top grommets with brush strips. It is an easy-to-use structure for opening & closing the grommets.

2 Wiring Space

Equipped with large wiring space.



Wiring space (both side)

WIRING SYSTEM

the dimensions (mm)

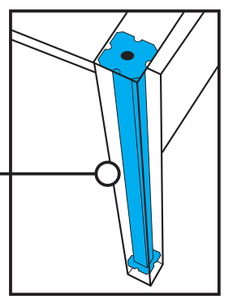
LEG STRUCTURE

Leg and Drawer

Shared Leg is good enough to support the table top and also provide enough space for legs and drawer.

Leg Structure

Double Structure Legs improve the strength, and surely prevent shaking of whole table.



PLATFORM

D600(1200)mm TYPE

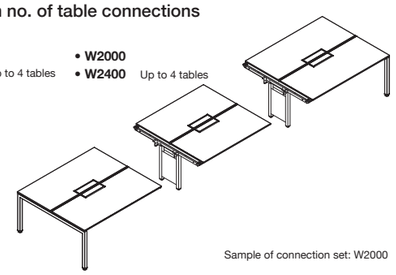
- With space-saving design, this type can cope with limited space.

D700(1400)mm TYPE

- This type can ensure enough space for general office design.

Maximum no. of table connections

- **W1200**
- **W1400**
- **W1600** Up to 4 tables
- **W2000**
- **W2400** Up to 4 tables



Sample of connection set: W2000
